Please take the motorway exit 36 Bern-Neufeld.

Our driveway is a bit tricky and the driver has to drive backwards to the car park. We have to provide local staff to help with the manoeuvring and remove the barrier.

Important:

Please call the local production manager 10 minutes before your arrival.
Park the nightliner at the check-point on the pavement in front of the venue.
Then please have a look at our drive in situation.
